FROM THE DESK OF THE EDITOR IN CHIEF

It is with excitement that I present to you, on behalf of the Editorial Board, the Volume 3, number 1 of the Prestige Journal of Counselling Psychology. As it is customary of us, this issue has a rich menu of quality articles in different areas in education.

This journal, **Prestige Journal of Counselling Psychology**, is a sister journal to the **Prestige Journal of Education**. Both are Google Scholar indexed journals published by a professional association called Association for the Promotion of Innovation in Education (APIE). Both journals are peer-reviewed, with a standard, objective and meticulous review process which has helped to carve a niche for the journals, in terms of quality/standard. While the Prestige Journal of Counselling Psychology is published in March and September, the Prestige Journal of Education is published in June and December.

The acceptability of our journal has gone beyond the shores of Nigeria. In vol. 2 no. 2, we had an article from the United Kingdom; in this vol. 3 no. 1, we have sustained this feat as we have two contributors from China. This is in addition to the fact that we have articles from all the six geopolitical zones of Nigeria including the South South, South West, South East, North Central, North West and North East zones. We are pleased by the confidence of these authors in our journal.

In consonance with our vision of being a world class journal, we have established and maintained Editorial Board and consulting editors who are renowned scholars from institutions of higher learning in different geopolitical zones of Nigeria. I hereby convey my profound thanks to these academic titans for working assiduously to ensure that our vision of being a world class high quality journal is achieved. This issue, as all other issues, has both print and online versions. The online version can be assessed at www.openaccessglobal.com. We can be reached via prestigejournalseries@gmail.com.

My words of encouragement go to the authors whose articles could not pass the tight mesh of our painstaking review process. I urge such authors to see the experience as a learning opportunity, as they learn from the detailed comments of our reviewers and improve on their subsequent writings. In a similar vein, I congratulate those contributors whose articles scaled the hurdle of our uncompromising review process.

Once again, welcome to a highly nourishing volume 3 number 1 of the Prestige Journal of Counselling Psychology. Happy reading!

Prof D. I. Denga

Editor-in-Chief

Prestige Journal of Counselling Psychology
