# From the Editor

The *Prestige Journal of Counselling Psychology* (PJCP), a multi-disciplinary journal but within the field of education, is here again. I am pleased to introduce to you the volume 5 number 1 of the journal. As punctuality of publication has become a well-known trademark of ours, we are thrilled that we are able to live this accustomed brand as we published this issue before the 15th of March, 2022, even when we had up till the end of March as our deadline.

Our sincere gratitude goes to all the stakeholders that have made the realization of early and timely publication of this issue possible. We are grateful to the members of the Editorial Board and the Consulting Editors/reviewers for their untiring efforts in ensuring that the journal is exceptional in all ramifications. We appreciate the authors for their undiminished confidence in us and for their resilience in going through our very meticulous, firm and unbiased peer review mechanism. In the same vein, we are grateful to our teeming readers, admirers and supporters who have voluntarily gone the whole hog to project and introduce our journal to their colleagues, and have taken the time to give us feedback. Indeed, the feedback we receive about the standard of our journal is very heartwarming and it bolsters our efforts.

Furthermore, we are excited to assert that this issue of the journal is not different from the previous issues in terms of diversity of contents and geographical spread of the authors. Just like the previous issues, this issue of the journal has articles from all the six geopolitical zones of Nigeria, including South South, South East, South West, North Central, North East and North West geopolitical zones. This vast geographical spread of the authors offers our readers with a rich intellectual buffet to feed from, while it also portrays the huge acceptability of our journal nationally.

Finally, while I say congratulations to the authors whose articles were able to scale the hurdle of our painstaking peer review process, I wish to encourage those whose articles could not make it this time, not to be disenchanted but to learn from the very detailed comments of our peer reviewers and send in higher quality articles next time.

As usual, this issue of the journal has both print and online versions; the online version can be accessed at <https://openaccessglobal.com>. We can be reached via [prestigejournalseries@gmail.com](mailto:prestigejournalseries@gmail.com). Dear esteemed readers, welcome to volume 5 number 1 of the *Prestige Journal of Counselling Psychology*. Happy reading!

**Prof Malami Umar Tambawal**
